

NORTH HALIFAX PRIMARY CARE NETWORK

**Phlebotomist 25 Hours a Week (based on 5 days)
Salary £10 – £11 per hour (depending on experience)
This role is based in 5 sites across North Halifax (5 hours in each)**

We are looking for a motivated and experienced Phlebotomist to join our team in the North Halifax Primary Care Network. This role is split across the 5 sites in the network and you will spend 5 hours in each of the 5 sites every week. The five sites are:

Beechwood Medical Centre – Ovenden – <https://www.beechwoodmedicalcentre.co.uk/>
Caritas Group Practice – Boothtown - <https://www.caritashealth.org.uk/>
Keighley Road Surgery – Illingworth - <http://www.krshalifax.co.uk/>
Lister Lane Surgery – Ovenden - <https://www.listerlanesurgery.co.uk/>
Plane Trees Group Practice – Pellon - <https://www.planetreesgrouppractice.nhs.uk/>

We feel that it is therefore important (not critical) that you are a driver and have your own transport to be able to commute to the 5 sites

The surgeries use a combination of the SystmOne and EMIS Web Clinical Systems and it is important that you have experience in at least one of these systems. We can offer some training in this area.

An interest in in this area and experience of Phlebotomy work either in General Practice or in Secondary Care is therefore essential. There is also scope for the successful candidate to train on other areas of the Health Care Assistant role if they wish to.

Questions and informal practice visits are welcome. If you are interested, please contact Stacey Gill (Practice Manager) of the Caritas Group on 01422 438550 or email Stacey.gill3@nhs.net

Applications should be made in writing either by e-mail or letter to Stacey Gill at Stacey.gill3@nhs.net

This position is working for the PCN (Primary Care Network) and is therefore subject to the NHS Pension scheme

Closing Date, 19th August 2019
